Muhammad Saad Bin Nadeem

Software Engineer

Work Experience

Software Developer, Geekabyte
Feb 2023 to Current

- I am a Junior React Web Developer, specializing in front-end web development with a focus on React.js. My role involves creating responsive and visually appealing user interfaces, collaborating with cross-functional teams, and staying updated with industry trends to deliver high-quality code and enhance web applications. I'm passionate about problem-solving and continually honing my coding skills to contribute to diverse projects and learn from experienced professionals.

Education History

Bachelor of Computer Science
Institution: Benazir Bhutto Shaheed University Lyari
Year of Graduation: 2022 - 2025

- Pursuing a Bachelor of Science in Computer Science (BSCS) at Benazir Bhutto Shaheed University Lyari.

- Feel free to expand on this statement with additional details such as your expected graduation date, GPA if it's strong, relevant coursework, or any academic achievements if applicable. Remember to keep it concise and relevant to the job you are applying for.
